WORK EXPERIENCE

Workabl (Pune) | [Certificate](#)

Apr 2023 - May 2023

Web Development Intern

- Completed one month full-stack web development internship at Workabl, and developed a production-grade feature for managing Workabl's webinars
- Actively participated in the development of **REST APIs** using **Node.js**, **MySQL**, and the **Serverless** Framework, which were hosted on **AWS**. Integrated these APIs seamlessly into the comprehensive **ReactJS** frontend
- Gained valuable insights into industry practices and familiarized myself with key components/practices such as **AWS Lambda**, **API Gateway**, **S3**, **Redis**, **Agile**, and **Scrum** methodologies

PROJECTS

TrekTravel [GitHub](#) | [Website](#)

Oct 2023

- Developed TrekTravel, a comprehensive travel guide website, allowing users to plan their journeys with ease
- Implemented the project's front-end using **ReactJS** and leveraged React Hooks (**useState**, **useEffect**, **useContext**) for enhanced functionality and Backend using **NodeJS**, **ExpressJS** & **CORS**
- Incorporated **MongoDB Atlas** as the database technology, enhancing user security by implementing **JWT** authentication and **Cookie** handling within the system
- Deployed the website's backend on **Render** and hosted the frontend on **Firebase**

Personal Portfolio Website [GitHub](#) | [Website](#)

Mar 2023

- Developed a personal portfolio website using **ReactJS** to showcase projects, skills, and achievements
- Set up and deployed a responsive portfolio website and hosted on **Firebase** for seamless accessibility

LocalKart [GitHub](#) | [Website](#)

Dec 2022

- An E-commerce platform for purchasing local groceries and household goods conveniently
- Created a responsive frontend for the Local Kart e-commerce website using **HTML**, **CSS**, and **JavaScript**, providing an intuitive and user-friendly interface for purchasing products from local stores
